Property	24 Stencells Rd, Pembroke, ON (new house, unfinished basement)
Client	Home builder (repeat business client) - house is under his 2-year warranty
Service	Free Virtual Inspection + paid add-on 'Official Written Report and Recommendations' ($155 + tax)
Paid	$155 + HST = $175.15 (paid online when booking)
Booked by	Client, online (Acuity booking page)
Virtual inspector	Danica Radovic, CMI
Report written / reviewed by	Goran (admin support) / Stefan (admin support)
Follow-up	Close CRM SMS + Danica

Why the client called

From the booking form: 'I'm a homebuilder doing a 2 year warranty. There really isn't any mold, maybe a very minor amount, but the client is concerned. It appears to have been caused by high humidity in a storage room with low circulation... I have pictures I can show you.'

What the inspector found

- House about 2 years old, basement unfinished and used for storage.
- Basement humidity reported above the recommended range; poor ventilation.
- Discoloration on the concrete floor and on wood framing studs.
- HVAC has a built-in humidifier that may add humidity. Sump pit reported dry.

Recommendations in the report

- Professional remediation of the concrete and framing
- Better ventilation; dehumidifier to keep humidity at 30-50%
- Check the HVAC humidifier settings
- Remove belongings before the work; keep items off the concrete floor

Estimate MP370

Amount	$2,675 + 13% HST = $3,022.75
Project time	1 day
Status	Accepted by the client (email, Oct 22). On-site confirmation visit to be scheduled.

- Containment of the basement, all belongings removed
- Topical treatment of framing wood and concrete floor
- Swab test + Project Clearance Report
- On-site inspection included after acceptance, to confirm the source and the extent
